ENGLISH SPRINGER SPANIEL FIELD TRIAL ASSOCIATION

MONDAY, MAY 23
THROUGH
THURSDAY, MAY 26

2005
Jewel

CH. BRIGHTWATER GILCHRIST JEWEL
(CH. Gilchrist Tomahawk x CH Gilchrist Brightwater Goodwill)

Jewel had a remarkable career crowned by winning the National Specialty in 2004.

Jewel congratulates her Dad, CH. Gilchrist Tomahawk, as he receives the 2004 Show Sire of the Year award.

We wish all of you good fortune in Geneva!!

Breeders: Nancy Siver (Brightwater) Ruth Kirby (Gilchrist)

Owners: Nancy Siver Barry O'Neill

Superintendent
AMERICAN KENNEL CLUB SCHEDULE OF POINTS

For complete Conformation Championship requirements see Chapter 16 of the Rules Applying to Dog Shows.

The Points towards a Championship shall be awarded to the Winners Dog and Bitch of each breed or variety based on the actual number of dogs or bitches competing in that breed or variety.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Breed or Variety, the dogs of both sexes that have been entered for Best of Breed or Variety competition and that have been defeated in such competition, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

If the dog designated Winners Dog or Winners Bitch is also awarded Best of Opposite Sex to Best of Breed or Variety, the dogs of its own sex that have been entered for Best of Breed or Variety competition that have been defeated in competition for Best of Opposite Sex, shall be counted in addition to the dogs that competed in the regular classes for its sex in calculating championship points.

After points have been computed for Winners Dog and Winners Bitch subject to the above two stipulations, the dog awarded the Best of Winners shall be credited with the number of points calculated for Winners Dog or Winners Bitch, whichever is greater.

In counting the number of eligible dogs in competition, a dog that is disqualified, or that is dismissed, excused, or ordered from the ring by the judge, or from which all awards are withheld shall not be included. Any dog which shall have won fifteen points shall become a Champion of Record, if six or more of said points shall have been won at two shows with a rating of three or more championship points each and under two different judges, and some one or more of the balance of said points shall have been won under some other judge or judges than the two judges referred to above.

SCHEDULE OF POINTS FOR DIVISION 5 - EFFECTIVE MAY 16, 2005

Division 5 is comprised of Illinois, Indiana, Michigan, Ohio.

Official Standard for the
ENGLISH SPRINGER SPANIEL

General Appearance—The English Springer Spaniel is a medium-sized sporting dog, with a compact body and a docked tail. His coat is moderately long, with feathering on his legs, ears, chest and brisket. His pendulous ears, soft gentle expression, sturdy build and friendly wagging tail proclaim him unmistakably a member of the ancient family of Spaniels. He is above all a well-proportioned dog, free from exaggeration, nicely balanced in every part. His carriage is proud and upstanding, body deep, legs strong and muscular, with enough length to carry him with ease. Taken as a whole, the English Springer Spaniel suggests power, endurance and agility. He looks the part of a dog that can go, and keep going, under difficult hunting conditions. At his best, he is endowed with style, symmetry, balance and enthusiasm, and is every inch a sporting dog of distinct spaniel character, combining beauty and utility.

Size, Proportion, Substance—The Springer is built to cover rough ground with agility and reasonable speed. His structure suggests the capacity for endurance. He is to be kept to medium size. Ideal height at the shoulder for dogs is 20 inches, for bitches, it is 19 inches. Those more than one inch under or over the breed ideal are to be faulted. A 20 inch dog, well-proportioned and in good condition, will weigh approximately 50 pounds, a 19 inch bitch will weigh approximately 40 pounds. The length of the body (measured from point of shoulder to point of buttocks) is slightly greater than the height at the withers. The dog too long in body, especially when long in the loin, tires easily and lacks the compact outline characteristic of the breed. A dog too short in body for the length of his legs, a condition which destroys balance and restricts gait, is equally undesirable. A Springer with correct substance appears well-knit and sturdy with good bone, however, he is never coarse or ponderous.

Head—The head is impressive without being heavy. Its beauty lies in a combination of strength and refinement. It is important that its size and proportion be in balance with the rest of the dog. Viewed in profile, the head appears approximately the same length as the neck and blends with the body in substance. The stop, eyebrows and chiseling of the bony structure around the eye sockets contribute to the Springer’s beautiful and characteristic expression, which is alert, kindly and trusting. The eyes, more than any other feature, are the essence of the Springer’s appeal. Correct size, shape, placement and color influence expression and attractiveness. The eyes are of medium size and oval in shape, set rather well-apart and fairly deep in their sockets. The color of the iris harmonizes with the color of the coat, preferably dark hazel in the liver and white dogs and black or deep brown in the black and white dogs. Eyelids are fully pigmented and match the coat in color. Lids are tight with little or no haw showing. Eyes that are small, round or protruding, as well as eyes that are yellow or brassy in
Eng Springer Spaniel Field Trial Asn Inc

color, are highly undesirable. Ears are long and fairly wide, hanging close to the cheeks with no tendency to stand up or out. The ear leather is thin and approximately long enough to reach the tip of the nose. Correct ear set is on a level with the eye and not too far back on the skull. The skull is medium-length and fairly broad, flat on top and slightly rounded at the sides and back. The occiput bone is inconspicuous. As the skull rises from the foreface, it makes a stop, divided by a groove, or fluting, between the eyes. The groove disappears as it reaches the middle of the forehead. The amount of stop is moderate. It must not be a pronounced feature, rather it is a subtle rise where the muzzle joins the upper head. It is emphasized by the groove and by the position and shape of the eyebrows, which are well-developed. The muzzle is approximately the same length as the skull and one half the width of the skull. Viewed in profile, the toplines of the skull and muzzle lie in approximately parallel planes. The nasal bone is straight, with no inclination downward toward the tip of the nose, the latter giving an undesirable downfaced look. Neither is the nasal bone concave, resulting in a "dish-faced" profile, nor convex, giving the dog a Roman nose. The cheeks are flat, and the face is well-chiseled under the eyes. Jaws are of sufficient length to allow the dog to carry game easily fairly square, lean and strong. The upper lips come down full and rather square to cover the line of the lower jaw, however, the lips are never pendulous or exaggerated. The nose is fully-pigmented, liver or black in color, depending on the color of the coat. The nostrils are well-opened and broad. Teeth are strong, clean, of good size and ideally meet in a close scissors bite. An even bite or one or two incisors slightly out of line are minor faults. Undershot, overshot and wry jaws are serious faults and are to be severely penalized.

Neck, Topline, Body—The neck is moderately long, muscular, clean and slightly arched at the crest. It blends gradually and smoothly into sloping shoulders. The portion of the topline from withers to tail is firm and slopes very gently. The body is short-coupled, strong and compact. The chest is deep, reaching the level of the elbows, with well-developed forechest, however, it is not so wide or round as to interfere with the action of the front legs. Ribs are fairly long, springing gradually to the middle of the body, then tapering as they approach the end of the ribbed section. The underline stays level with the elbows to a slight upcurve at the flank. The back is straight, strong and essentially level. Loins are strong, short and slightly arched. Hips are nicely-rounded, blending smoothly into the hind legs. The croup slopes gently to the set of the tail, and tail-set follows the natural line of the croup. The tail is carried horizontally or slightly elevated and displays a characteristic lively, merry action, particularly when the dog is on game. A clamped tail (indicating timidity or undependable temperament) is to be faulted, as is a tail carried at a right angle to the backline in Terrier fashion.

Forequarters—Efficient movement in front calls for proper forequarter assembly. The shoulder blades are flat and fairly close together at the tips, molding smoothly into the contour of the body. Ideally, when measured from the top of the withers to the point of the shoulder to the elbow, the shoulder blade and upper arm are of
apparent equal length, forming an angle of nearly 90 degrees, this sets the front legs well under the body and places the elbows directly beneath the tips of the shoulder blades. Elbows lie close to the body. Forelegs are straight with the same degree of size continuing to the foot. Bone is strong, slightly flattened, not too round or too heavy. Pasterns are short, strong and slightly sloping, with no suggestion of weakness. Dewclaws are usually removed. Feet are round or slightly oval. They are compact and well-arched, of medium size with thick pads, and well-feathered between the toes.

**Hindquarters**—The Springer should be worked and shown in hard, muscular condition with well-developed hips and thighs. His whole rear assembly suggests strength and driving power. Thighs are broad and muscular. Stifle joints are strong. For functional efficiency, the angulation of the hindquarter is never greater than that of the forequarter, and not appreciably less. The hock joints are somewhat rounded, not small and sharp in contour. Rear pasterns are short (about ⅓ the distance from the hip joint to the foot) and strong, with good bone. When viewed from behind, the rear pasterns are parallel. Dewclaws are usually removed. The feet are the same as in front, except that they are smaller and often more compact.

**Coat**—The Springer has an outer coat and an undercoat. On the body, the outer coat is of medium length, flat or wavy, and is easily distinguishable from the undercoat, which is short, soft and dense. The quantity of undercoat is affected by climate and season. When in combination, outer coat and undercoat serve to make the dog substantially waterproof, weatherproof and thornproof. On ears, chest, legs and belly the Springer is nicely furnished with a fringe of feathering of moderate length and heaviness. On the head, front of the forelegs, and below the hock joints on the front of the hind legs, the hair is short and fine. The coat has the clean, glossy, "live" appearance indicative of good health. It is legitimate to trim about the head, ears, neck and feet, to remove dead undercoat, and to thin and shorten excess feathering as required to enhance a smart, functional appearance. The tail may be trimmed, or well fringed with wavy feathering. Above all, the appearance should be natural. Overtrimming, especially the body coat, or any chopped, barbered or artificial effect is to be penalized in the show ring, as is excessive feathering that destroys the clean outline desirable in a sporting dog. Correct quality and condition of coat is to take precedence over quantity of coat.

**Color**—All the following combinations of colors and markings are equally acceptable.

1. Black or liver with white markings or predominantly white with black or liver markings,
2. Blue or liver roan,
3. Tricolor black and white or liver and white with tan markings, usually found on eyebrows, cheeks, inside of ears and under the tail.

Any white portion of the coat may be flecked with ticking. Off colors such as lemon, red or orange are not to place.

**Gait**—The final test of the Springer's conformation and soundness is proper movement. Balance is a prerequisite to good move-
The front and rear assemblies must be equivalent in angulation and muscular development for the gait to be smooth and effortless. Shoulders which are well laid-back to permit a long stride are just as essential as the excellent rear quarters that provide driving power. Seen from the side, the Springer exhibits a long, ground-covering stride and carries a firm back, with no tendency to dip, roach or roll from side to side. From the front, the legs swing forward in a free and easy manner. Elbows have free action from the shoulders, and the legs show no tendency to cross or interfere. From behind, the rear legs reach well under the body, following on a line with the forelegs. As speed increases, there is a natural tendency for the legs to converge toward a center line of travel. Movement faults include high-stepping, wasted motion, short, choppy stride; crabbing; and moving with the feet wide, the latter giving roll or swing to the body.

**Temperament**—The typical Springer is friendly, eager to please, quick to learn and willing to obey. Such traits are conducive to tractability, which is essential for appropriate handler control in the field. In the show ring, he should exhibit poise and attentiveness and permit himself to be examined by the judge without resentment or cringing. Aggression toward people and aggression toward other dogs is not in keeping with sporting dog character and purpose and is not acceptable. Excessive timidity, with due allowance for puppies and novice exhibits, is to be equally penalized.

**Summary**—In evaluating the English Springer Spaniel, the overall picture is a primary consideration. One should look for type, which includes general appearance and outline, and also for soundness, which includes movement and temperament. Inasmuch as the dog with a smooth easy gait must be reasonably sound and well-balanced, he is to be highly regarded, however, not to the extent of forgiving him for not looking like an English Springer Spaniel. An atypical dog, too short or long in leg length or foreign in head or expression, may move well, but he is not to be preferred over a good all-round specimen that has a minor fault in movement. It must be remembered that the English Springer Spaniel is first and foremost a sporting dog of the Spaniel family, and he must look, behave and move in character.

PSESSA's Specialty is in a new location!
We are now holding our show in conjunction with the Olympic Kennel Club Show in Enumclaw, at the King County Fairgrounds.
The Specialty will be held Friday, August 19th, 2005, with the OKC All Breed show on Sat. and Sunday. This will give every one a chance for THREE majors!
Our judges will be:
Sweepstakes: Christy Marley
Conformation: Debbie Kahla-Kvamme
Obedience: Christopher Cornell
We will have a dinner Friday night, buffet style.
There is RV parking on site and hotels close by.
For more information contact
Janet Warner, Show Chair: janagram@aol.com
or
Kelly Priestly, Co-Chair: kelly-priestley@comcast.net
Mon-Thu, May 23-26, 2005

We had a fantastic 2004 with 3 dogs winning Bests in Show/BISS and 6 dogs being invited to the Eukanuba Classic. Upcoming winners in the wings!

We would especially like to congratulate our “Sting” A/C Ch. Ramblewood Fields of Gold on his achievement of ESSFTA Runner-up Show Dog of 2004.

Mindy finished her championship at 10 months. She has two BOS at specialties. But her legacy is at home.

Dam of four specialty winning get out of her only litter –

- **Ch. Designer’s Imagine** – finished with five majors, WD and BISweepstakes at the SAESSA. (Feb 05)

- **Ch. Designer’s One More Time** – finished with three majors, including WD (five pts), BISweeps, Best Puppy SAESSA (Aug 04)

- **Ch. Designer’s Indulgence** – finished with three majors, WB and BOSweeps, SAESSA (Feb 05). Jordan and Julian were WD/WB at all three of her majors.

- **Ch. Designer’s Liberty Carmin** – was WB at Sept 04 and Mar 05 (5pts) DFWESSA specialties.

Mindy has been bred to Ch Felicity’s Diamond Jim. Puppies due May 2005.

CONGRATULATIONS
to ESSFTA on its 50th Annual National Specialty!

Many changes have occurred over fifty years, but the best and most exciting are likely yet to come!

ESRA shares your excitement in the ESSFTA Foundation’s sponsorship of the sequencing of the English Springer Spaniel genome! We recognize the significance of this accomplishment, giving great hope to the eventual elimination of genetic diseases such as PRA, PFK, and epilepsy, diseases which sometimes cause irresponsible owners to discard their dogs.

Our best wishes for your continued success!

Qualifying score required for all prizes in Regular Classes

A Dark Green Qualifying Ribbon will be given to each dog attaining a Qualifying Score

PLEASE NOTE We will not refund entry fees for bitches entered in Obedience that come in season after entries close

Move-ups will be allowed at this trial per AKC Regulations

PRIZES

CHALLENGE TROPHIES

HIGHEST SCORING DOG IN REGULAR CLASSES - The Booser Memorial Challenge Trophy offered by Naia & Larry Libeu for Highest Scoring Dog in Regular Classes through the ESSFTA at its National Specialty Show & Obedience Trial. In 1999, the trophy was re-donated by Alvin & Audry Eng. The Booser Memorial Challenge Trophy is a Silverplated Champagne Bucket on a Walnut Base. For permanent possession the trophy must be won three times by the same owner, not necessarily with the same dog nor at consecutive shows. The trophy will remain in the possession of the ESSFTA until won outright or retired. A Walnut Plaque will be awarded outright.

HIGHEST COMBINED SCORE IN OPEN B & UTILITY CLASSES - The Am/Can Ch Nobility’s Venetian Dawn Am/Can UD Challenge Trophy offered by Marjorie Rollins & Wendy Rollins-Evans through the ESSFTA. A Pewter Ice Bucket on a Wooden Base to be awarded to the dog earning the Highest Combined Score in Open B & Utility Classes at the ESSFTA National Specialty Show & Obedience Trial. For permanent possession the trophy must be won three times by the same owner, not necessarily with the same dog nor at consecutive shows. The trophy will remain in the possession of the ESSFTA until won outright or retired. A Walnut Plaque will be awarded outright.

HIGHEST SCORING DOG IN REGULAR CLASSES - Pewter Trophy Embellished with the Parent Club Emblem.

HIGHEST SCORING DOG IN REGULAR CLASSES - Rosette offered by the English Springer Spaniel Field Trial Association, Inc.

HIGHEST COMBINED SCORE IN OPEN B & UTILITY CLASSES - Pewter Trophy Embellished with the Parent Club Emblem.

HIGHEST COMBINED SCORE IN OPEN B & UTILITY CLASSES - Rosette offered by the English Springer Spaniel Field Trial Association, Inc.

FIRST, SECOND, THIRD & FOURTH IN EACH CLASS - Pewter Trophy Embellished with the Parent Club Emblem.

FIRST, SECOND, THIRD & FOURTH IN EACH CLASS - Rosette offered by the English Springer Spaniel Field Trial Association, Inc.

INDEX TO AGENTS

NOTICE An agent is a person 18 years or older, other than an owner or co-owner, designated by the owner or co-owner of an exhibit to be handler of, and responsible for, the dog at the show. Agents' names may be followed by the initials which represent their AKC-recognized professional group affiliation or certification. Persons seeking the services of such an agent should familiarize themselves with the requirements for professional group membership or certifications which are available at the superintendent's office.
